

Baseline Survey

Homeless Link

Frontline agencies in partnership

The methodology

- Survey by London Outreach Teams
- 19-25 November 2007
- 13 boroughs and London Street Rescue
 - H&F, K&C
 - Westminster x3
 - City, Islington
 - Ealing
 - Camden
 - Southwark
 - Brent
 - Lambeth
 - Richmond
 - Waltham Forest
 - Croydon

 - London Street Rescue

The methodology

- Focus on rough sleeping and street activity during 'usual shift patterns'
- Recorded numbers for:
 - All individuals contacted
 - Those from C&E Europe
- Additionally looked at nationality categories and support needs if known
- 84 outreach shifts undertaken that week

Headline findings

- Rough Sleeping
 - 401 individuals overall
 - 74 from C&E Europe
 - 18.45% of all rough sleepers contacted
- Street Activity
 - 114 individuals overall
 - 40 from C&E Europe
 - 35.1% of all street activity contacts

Next steps

- Write up of more detailed analysis for report and use during the project
- Repeat data return exercise in the future
- Thank You
