A chance to be heard!

Alcohol In the System...how does it affect you?

Have you got into trouble because of booze?

We want to involve you in a project looking at how booze affects young people getting into trouble with the law or leads to fights and violent situations.

This is your chance to be heard and make a difference.

A chance to let decision-makers know how you want the system to improve.

A chance to make sure that young people get the right support, a chance to stay out of trouble.

A chance to talk about your experiences of Booze and Offending.

Incentives & rewards to recognise your involvement.

Interested? Contact Steve Curtis SCurtis@alcoholconcern.org.uk.
