

Submitting your annual autumn rough sleeping data via DELTA

What is DELTA?

DELTA is the online system provided by MHCLG to collect all of the Department's statistical data and grant applications. To find out more about DELTA please see: <https://delta.communities.gov.uk/introducing-delta>

This year, every local authority must submit their autumn rough sleeping count or estimate data via DELTA. You will be able to submit your rough sleeping data from Monday 1 October. The deadline for data submission is Friday 14 December.

How to register and login to DELTA

If you were responsible for submitting rough sleeping data to the Department last year, you should already have a DELTA account.

Please visit <https://delta.communities.gov.uk/login> to login to DELTA using the username and password provided to you previously.

You will be required to change your password if you have been inactive for more than 3 months. This can be changed here: <https://delta.communities.gov.uk/forgot-password>

You may have previously registered on DELTA but not activated your account. Before the rough sleeping collection goes live, please contact the DELTA team: DELTA@tso.co.uk to request a new activation code.

If you have not previously registered on DELTA, you can complete this registration [form¹](#) and return it to the DELTA Helpdesk: DELTA@tso.co.uk. You can also use this form to amend your details if you have an existing account. Please select the Rough Sleeping (RS) return on the form to request access for this collection.

All registered users will receive an email alert from the DELTA team the day the form goes live.
